

## **Avail Consulting, Inc. Course Sponsor Plans.**

Having Avail deliver a seminar in your facility is an economical way to:

- ✓ **Educate your staff**
- ✓ **Meet CEU requirements**
- ✓ **Avoid paying high expenses for traveling.**

We have two proposed plans which offer an effective and efficient way to train your staff.

### **Option 1 Summary:**

- Host pays Avail Consulting a flat fee of \$4000 to teach one seminar for 1-18 people or \$5500 from 19-30 people. (plus traveling, food expenses and hotel for the instructor)
- Host does its own marketing which allows them to register therapists from surrounding area and retain the registration fees. For example, other clinics will open 11 spots for outsiders at a fee of \$395.00 (395x11=\$4345.00). In this fashion the outside attendees subsidize the cost of educating your employees. The secondary benefits of good facility public relations are a bonus.
- Host chooses which course and work with Avail on the delivery date of the seminar.
- Avail Consulting will provide you with the following: course state approval, course manuals, completion certificates and a great presentation.

### **Option 2 Summary:**

This is to summarize how Plan-B works:

- Host allows Avail Consulting to use your space for free and we will open the course to the public and you get 2 free tuitions.
- Avail will do our own marketing for the course and we will collect the registrations from all attendees.
- Host will provide the entire group with breakfast and/or lunch, coffee and snacks.

- We will work together and make sure that your course and date choice does not interfere with any other similar seminar, which may conflict with your course from being well-attended.
- In order for the course to proceed there must be at least 10 people registered.

For Course Information and additional info on Sponsoring a Course, CALL Avail Consulting at: 1-330-629-8834

Thank you for your interest in sponsoring the course. Prepare to have your expectations exceeded.

Sincerely,

Michael Rinaldi, PT, OCS

President, Avail Consulting, Inc.
